INDEX OF 1975 ARTICLES–JANUARY-DECEMBER

ENERGY CONSERVATION

see An Answer to Natural Gas Crunch: Low-Energy Curing Urethane Coatings ..... Jan
Understanding Energy—Part 1: Calculating Fuel Efficiency ..... Feb
Understanding Energy—Part 2: Heat Recovery/Thermal Oxidation ..... Mar
Coil Coating Line Features Floater Ovens & Heat Recovery ..... Mar
see Pretreatment at Wayne Meets Energy & Ecology Challenges ..... Mar
Oven Energy Recovery Via Heat Pipes ..... Apr
Waste Heat Purifies Rinse Waters ..... Apr
see The Case for High-Solids Acrylic Coatings ..... May
Twin Washer and Dryoff Oven Save Energy and Boost Production ..... Jun
Interview: Energy Savings on the Finishing Line ..... Jul
see Oil-Fired Ovens Cure Coatings at Ford Tractor ..... Aug
Canning Firm Recycles Heat from Fume Incinerator ..... Sep
Interview: Infrared Curing Systems ..... Oct
Ten Energy Saving Tips from NFPA for Safe Operation of Ovens ..... Nov
see Electric Enameling Furnaces Boost Harvestore Quality ..... Nov
Energy/Environmental Problem Solving on the Paint Line (2 parts) ..... Nov-Dec
Coil Coaters Act to Reduce Gas Curtailment Hardships ..... Dec

CLEANING, SURFACE TREATMENT

One-Step Pretreatment/Prime Coating ..... Jan
A Short Primer on Metal Pretreatment ..... Feb
Pretreatment at Wayne Meets Energy and Ecology Challenges ..... Mar
Zip—And Two-Piece Cans Are Cleaned and Treated ..... Mar
see Ford's Intensified Campaign to Whip Automotive Corrosion ..... Apr
Oval Design Cuts Costs of Pretreatment System ..... May
see SAE Report: Corrosion Protection Emphasis Grows as Car Weight Declines ..... Jun
Twin Washer and Dryoff Oven Save Energy and Boost Production ..... Jun
Solventless Washing Cuts Paint Mask Maintenance Costs ..... Jul
Automated Mask Washer & Paint Spray System at Allen-Bradley ..... Aug
Orbital Deburring & Finishing Improves Quality and Lowers Costs ..... Aug
Ultrasonic Cleaning of Conductor Cable ..... Sep
see Automatic System Purifies Pre-Finish Effluent at Ball Container ..... Oct
How Autodeposited Coating Benefits Chrysler ..... Nov
see Energy/Environmental Problem Solving on the Paint Line ..... Nov
Surface Finishing Housings for Hoover Vacuum Cleaners ..... Dec

FINISHING

Low-Energy Curing Urethane Coatings ..... Jan
Maytag's Switch to Cyanide-Free Zinc Plating ..... Jan
In-Plant Finishing Improves Extrusion Quality for Bell-View ..... Jan
Flow-Coater Goes Water-Reducible ..... Jan
Two-Pass Electrocoating at Maytag ..... Feb
Automated Plating Line Brings Many Benefits to Lamson & Sessions ..... Mar
In-Tank Paint Filtering Saves Time & Money at Spraonics ..... Feb
Two-Tank Electrocoating for Grilles and Registers at Wallace-Murray Div. ..... Mar
Wet Polishing Without In-Process Rusting at Fox Valley Platers ..... Mar
Tin Plating RR Control Systems at Union Switch & Signal ..... Mar
Ford's Intensified Campaign to Whip Automotive Corrosion ..... Apr
Frigidaire's Conversion to Cathodic Electrocoating ..... Apr
Automatic Powder Coating Lawn Furniture at Flanders ..... Apr
Ion Exchange Cuts Chrome Discharge at Bush Brothers Plating ..... Apr
How to Size Air Compressors for Plating Tanks ..... Apr
Nylon and Epoxy Powders Protect New Steelcase Chair ..... May
Electrocoating Helps Deere Meet Demand for Tractors ..... May
Better Fastener Quality at Carlton Screw with Mechanical Plating ..... May
Lamp Fixtures Get Wet Look with Automotive Refinish Coating ..... Jun
Two Electrocoating Tanks Boost Production at Waterloo ..... Jun
Finishing Techniques for Structural Foam ..... Jun
Equipment Breakthroughs Spur Growth of Electroless Nickel Plating ..... Jun
Powder Coating Bronze Bow Handles at Bear Archery ..... Jul
A New Look at Electroless Copper ..... Jul
Solventless Washing Cuts Paint Mask Maintenance Costs ..... Jul
Protective Tape Improves Stainless Customer Appeal at McLouth Steel ..... Jul

Radiation Curing Expanding in Metal Decorating Field ..... Jul
Oil-Fired Ovens Cure Coatings at Ford Tractor ..... Aug
Orbital Deburring & Finishing Improves Quality of Roller Chain ..... Aug
Automated Mask Washer/Paint Spray System at Allen-Bradley ..... Aug
Zinc Plating in 17,000-Gallon Tank at United Plating ..... Aug
Electrostatic Treatment of Overspray Cuts Maintenance at Coleman ..... Aug
Hart & Cooley Electrocoats a Metallic Finishing ..... Aug
Plating Perkins Marine Hardware for Improved Corrosion Resistance ..... Sep
Electrocoating Improves Quality and Productivity at Unistrut ..... Sep
Automatic Sequencing Boosts Vacuum Metallizing Output at Eyelet Specialty ..... Sep
Dual-Barrel Zinc/Cadmium Line Doubles Production at Precision Anodizing & Plating ..... Oct
How Kawasaki Motorcycles Get That Flamboyant Look ..... Oct
Automatic Powder Coating Heaters and Crock Pots at New Rival Plant ..... Oct
How New Autodeposited Coating Process Benefits Chrysler ..... Nov
Big Savings with Nickel-Iron Plating at Lee-Rowan ..... Nov
Electric Enameling Furnaces Boost Harvestore Quality ..... Nov
Custom Fabricator Goes OEM Route on New Paint Line ..... Nov
Pumps Play Key Role in Waste Treatment at Acme Screw ..... Nov
Sperry Univac Switches to Water-Borne Textured Coatings ..... Dec
Pilot Setup for Vacuum Metallizing Automotive Grilles ..... Dec
Surface Finishing Housings for Hoover Vacuum Cleaners ..... Dec
Big Savings with Reverse Osmosis and Acid Copper at Federal Tool ..... Dec

COIL COATING

High-Performance Polyesters for Can and Coil Coatings ..... Jan
Focus: Coated Coil—A Big Success ..... Jan
Radiant Heaters add to Coil Coating Versatility at Plasteel Products ..... Feb
Southeastern's Coil Line Features Floater Ovens and Heat Recovery ..... Mar
Coil Coaters Ponder Business, Energy, Water-Borne Finishes ..... Jul
see Radiation Curing Conference Report ..... Jul
Coil Coaters Act to Reduce Gas Curtailment Hardships ..... Nov

POLLUTION CONTROL, WASTE TREATMENT

see Maytag's Switch to Cyanide-Free Zinc Plating ..... Jan
EPA Guidelines Controversy Highlights Annual ASEP Meeting ..... Jan
EPA Weighing Industry Objections to Phase I Discharge Guidelines ..... Feb
Pretreatment at Wayne Meets Energy and Ecology Challenges ..... Mar
MFSA Seminars Spread the Word on Pollution Abatement ..... Mar
Ion Exchange System Cuts Chrome Discharge at Bush Brothers ..... Apr
Waste Heat Purifies Rinse Waters ..... Apr
see The Case for High-Solids Acrylics in Reducing Solvent Emissions ..... May
Emerging Technologies for Waste Water Treatment ..... Jun
EPA Takes Action on Discharge Limits to Streams and Sewers ..... Jun
Federal Air Emission Standards Coming Soon ..... Jul
EPA to Base Plating Discharge Limits on Concentration ..... Aug
see Electrostatic Treatment of Paint Overspray ..... Aug
see Canning Firm Recycles Fume Incinerator Heat ..... Sep
AES Report: Chemical Destruction Termed "Too Costly" ..... Sep
EPA's Briefing on Waste Treatment Regulations for Platers (2 parts) ..... Sep-Oct
Automatic System Purifies Pre-Finish Effluent at Ball Container ..... Oct
Pumps Play Key Role in Waste Treatment ..... Nov
Cyanide-Free Silver Plating Bath ..... Nov
Energy/Environmental Problem Solving on the Paint Line (2 parts) ..... Nov-Dec
Big Savings with Reverse Osmosis and Acid Copper at Federal Tool ..... Dec
Another Court Clash Imminent Between Platers and EPA ..... Dec
How Discharge Limits in 36 Cities Compare with EPA and NAMF ..... Dec

FINISHING TECHNOLOGY DEVELOPMENTS

High-Performance Polyester Coatings ..... Jan
Radiation Curing Seminar Report ..... Jan
Plating Rinse Recovery Evaporator ..... Jan
One-Step Pretreatment and Prime Coating ..... Jan
Big Breakthroughs Near in PC Plating ..... Feb
Zip—And Two-Piece Cans Are Cleaned and Treated ..... Mar
see Report on Water-Borne and High-Solids Coatings Symposium ..... Apr
Powder Coating for Two-Piece Cans ..... Apr
see Waste Heat Purifies Rinse Waters ..... Apr
